

# ➤ Financial Partners

## Working together toward a thriving Calgary

The funding Momentum receives from organizations, government departments and private donors contributes to thousands of Calgarians each year moving towards brighter economic futures. By investing in Momentum, these groups have supported innovative programming and share the belief that community economic development is essential for the development of a vibrant city.

Momentum's programming has been recently supported by more than 200 Financial Partners, including some who choose to remain anonymous:
